DISASTER RELIEF EFFORTS: Historic flooding continues across the Plains and Midwest destroying life and property in its path. Extreme flooding from the Missouri River has devastated towns and farms in several Midwestern states including Nebraska and Iowa. Catholic Charities USA is working to provide emergency relief to those affected areas. In addition, disaster has affected Mozambique, Zimbabwe and Malawi, leaving in the wake of Cyclone Idai a devastating path of destruction, causing massive damage. Death tolls continue to rise. Roads have been destroyed; bridges have collapsed; low-lying crops have been wiped out; and thousands of people have lost their homes in each of the affected countries. Based on initial assessments, Catholic Relief Services (CRS) plans to work with local partners in Mozambique, Malawi and Zimbabwe, to provide an initial 4,000 families with immediate aid - food, emergency shelter, water and living supplies for flood affected families. CRS continues to work with local partners to assess the full scale of the damages. The needs will likely be great given how many communities have been affected. These communities will need long-term support to fully recover from all of the devastation. This lifesaving work cannot happen without your help. Please consider donating to Catholic Relief Services at <https://support.crs.org> and/or Catholic Charities USA [www.catholiccharitiesusa.org](http://www.catholiccharitiesusa.org) to support ongoing relief efforts.
